# COLOR NAMING CONTEST

If you had to name these colors after elements on campus, what would you choose?

Your suggestion might be selected to be woven into the Auraria Campus story! Winners will be rewarded with a prize.

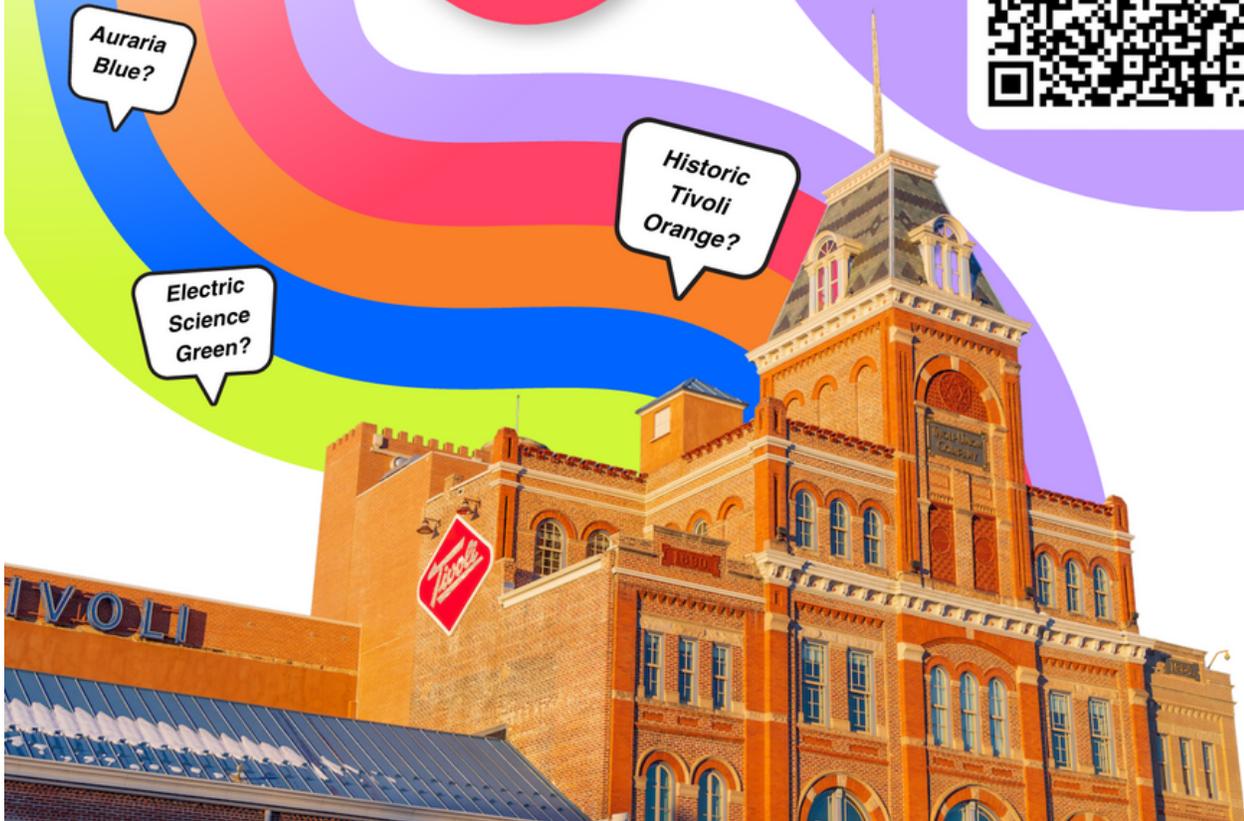

Imagine if these colors became a part of the Auraria Campus palette..

Auraria Blue?

Historic Tivoli Orange?

Electric Science Green?

**EXEMPLARY SERVICE**

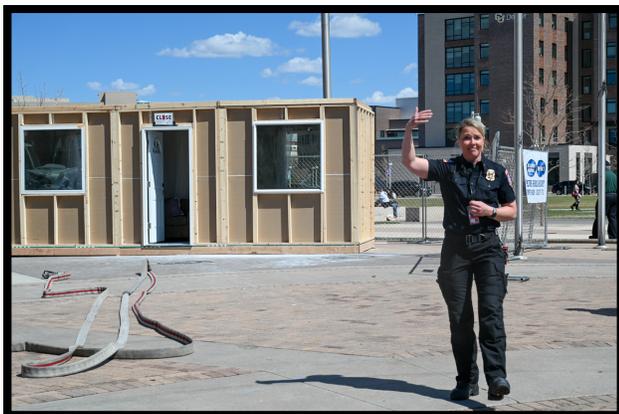

**ACTIVATED PARTNERSHIPS**

**VIBRANT ENVIRONMENTS**

**SUSTAINABLE FUNDING**

On April 3, as part of AHEC's Activated Partnerships, the Colorado Division of Fire Prevention & Control (DFPC) hosted a Community Risk Reduction event outside the Tivoli Student Union. There was a brief live fire demonstration where a controlled burn of a small simulated home took place staffed by fire fighters, two fire trucks, and professionals from the DFPC. It demonstrated how closed doors often protect occupants during a fire.

Attendees also learned "Hands-Only CPR," interacted with fire investigation tools, talked with professionals in fire-related careers, and visited with arson investigation canines. This educational event demonstrated how DFPC works to collaborate with everyone to create safer environments and educate on fire mitigation practices.

The online work order system is provided for the convenience of faculty and staff on the Auraria Campus to submit and track requests for non-emergency maintenance, repairs, and/or assistance from Facilities Management.

The online work order system allows you to:

- Receive automated email updates
- Track the progress of your work order
- Provide direct feedback to the Trades Director about the work performed

## HOW TO SUBMIT A WORK ORDER
