The Auraria Emergency Preparedness, Coordination, and Recovery (EPCAR) Committee in partnership with the Auraria Campus Police Department (ACPD) and AHEC Facilities will be conducting fire evacuation drills in campus buildings beginning Monday, Aug. 28th. Drills will be conducted between 8 a.m. and 4 p.m. and will last approximately 20 minutes.

While on campus, participation in fire evacuation drills is mandatory for all students, faculty, and staff unless otherwise instructed.

#### During a fire evacuation drill, follow these steps:

- If you are ever unsure if a fire alarm is a drill or a real event, always evacuate the building. Check your mobile device. Real events will be accompanied by an Emergency Notification.
- Never ignore a fire alarm and know at least two ways to exit the building.
- Leave all non-essential belongings.
- Follow laboratory specific safety protocols and secure hazardous or dangerous materials or equipment.
- If a fire alarm sounds, immediately proceed to the nearest exit in a safe and orderly manner (do not run). Avoid using elevators.
- After exiting, proceed to the designated evacuation rally points or move to a safe location 300 feet away.
- Conduct an accountability roll call for all students, faculty, and staff within your classroom, lab, or office space.
- Remain at the evacuation rally points. Do not re-enter the building until directed by emergency personnel.
- For individuals with disabilities and access and functional needs, please support and use the buddy system. Gather at designated location and notify ACPD (303-556-5000) of your location.
