MONDAY, MARCH 11

12-1 PM in the multicultural lounge or via zoom

TOPICS TO BE DISCUSSED:

PROJECT UPDATES

Celebrate collective successes and significant milestones that we have achieved together as a community, following the open houses.

PROJECT OVERVIEW

The Auraria Campus Master Plan is the long-term vision, required by the Colorado Commission on Higher Education (CCHE), for the campus physical environment. It establishes a collaborative approach to maximize critical resources and provides institutional leadership with a valuable guide to make decisions regarding the improvement of campus space.

COMMUNITY PARTICIPATION

Engage with the Master Plan Steering Committee in a Q&A session to enhance our collective campus and build a stronger community together.
