### Auraria Alert Emergency Notification

In the event of an immediate, significant danger to the health or safety of the campus community, or campus/building closure, ACPD may issue an Emergency Notification to all faculty, staff and students. This message is similar to a reverse 911 call from the local police department. Situations that may require an emergency notification include an active harmer situation, inclement weather resulting in a campus closure, or a catastrophic event, such as a fire, flood or tornado.

### WHAT IS THE CLERY ACT?

The Clery Act is a consumer protection law that aims to provide transparency around campus crime policy and statistics. Colleges and universities must comply with Clery Act requirements including disseminating a public annual security report and issuing timely warnings and emergency notifications to the campus community.
